Dear Friend:

Believe it or not we just finished our second half schedule in New York Saturday. This was my reason for not writing you sooner.

Now I want to find out what your plans are for your trip east. I have you here in Newark Sunday August 12th, and I want to find out what your plans are for other days here. Gottlieb told me he had spoken to you and was going to arrange some dates for you. If you have placed the entire trip in his hands let me know. We could go to Richmond Va. with you for Aug. 13th and on to Norfolk for the 14th and 15th. Would you like me to discuss these dates with Gottlieb?

We are drawing good in the east. It looks like the folks wants the baseball. Please send me your lineup and some advance publicity as soon as possible. I like to give the fans a little idea of who is coming before the last minuet.

Please let me know as soon as you can about your plans for September. We have decided to go to Detroit for Sept. 9th, and wish we could stay out west with you for a while after. If you are in the playoff, how long will it last? I will appreciate hearing from you as soon as possibility, and send publicity for Aug. 12th.

I hope the team is still going good. We are losing our Leonard Pearson to the army July 5th. We will miss him a lot.

Very Truly Yours
